I am sending you an reply based on the report dated 20/08/2024, number 04632

Products Detox Belly Burn, Detox Anti Age und Detox Urinary contain the ingredient Chlorella powder which has an EFSA pending claim, " promotes body detoxication" under the ID number 2451. This claim also allows the name detox to be used for products.

**Detox Belly Burn:**

Used claims can be found in EFSA list pending claims or in clinical studies of the ingredient Neopuntia which has clinically proven effects. Health claims used can be found under the EFSA ID numbers 2415, 3702, 4395

**Detox Anti Age:**

Used claims can be found in EFSA list pending claims. Health claims used can be found under the EFSA ID numbers 2415, 4395.

The product contains Vitamin C with confirmed health claim "Vitamin C (ascorbic acid) contribute to the protection of cells from oxidative stress", found in EU Regulation No 432/2012.

The product contains collagen powder, therefore there is a claim "replaces lost collagen" on product website.

**Detox Urinary:**

Used claims can be found in EFSA list pending claims. Health claims used can be found under the EFSA ID numbers 3703, 3934, 4141, 4395.

The product contains Vitamin C (ascorbic acid) with confirmed health claim » Vitamin C contributes to the protection of cells from oxidative stress«, found in EU Regulation No. 432/2012
